

# Request for Bids

The Smithsonian Institution periodically requires the services of contractors to perform specialized work related to collection items at various museums, archives, and libraries.

Interested in contracting with the Smithsonian? Click the yellow button to access Google Drive folder to view the open Requests for Quotes (RFQs), Statements of Work (SOWs), and documents detailing requirements for contracting with the Smithsonian.

Questions should be directed to the designated individual(s) noted in the RFQ and/or SOW.
